

Summary of Expectations for Individuals Visiting Our Campus

- PLEASE do not come if you are sick. Folklore Village reserves the option of administering temperature checks and of asking anyone to leave if it is deemed necessary to preserve the safety of all.
- All participants and instructors must be masked while indoors, currently including those fully vaccinated who choose to share proof of vaccination with us upon arrival. This may change in upcoming weeks – please stay tuned.
- Washing and sanitizing your hands frequently and especially before and after the use of any shared tools is highly recommended.
- We will do our best to take all reasonable steps to ensure a safe environment while you are visiting. However, there are inherent risks in traveling to and visiting our campus. You are asked to acknowledge that you are aware of the risks and are assuming them willingly by signing a waiver upon arrival.
- For 2020 sessions, please bring your own lunches. This may change in the future. However, participants will be allowed to drink out of common water, tea or coffee dispensers (i.e. Folklore Village will provide coffee, tea, and cold water to participants).
- Please provide, on arrival, current contact information should it be necessary to alert participants after an event that potential COVID exposure has occurred

We hope that by working together and following the guidelines we have provided we can all have an enjoyable and safe experience visiting our beautiful campus.
