

# **Five-Year Strategic Plan Folklore Village 2022 - 2026**

## **Mission Statement**

Folklore Village creates opportunities for individuals and communities to celebrate, experience and support ethnic and traditional folklife. Folklore Village offers an ongoing program of cultural, educational and participatory folklife activities in rural Southwest Wisconsin, serving regional communities and the Upper Midwest.

## **Strategic Planning and COVID -19**

Early in 2020, as the impacts of COVID-19 and mandated social distancing became apparent, the Board of Directors realized it must modify the Strategic Plan to respond to the rapidly developing and shifting landscape. At the time of this writing, we do not know if we will be able to offer on-site programming in January 2021 or later. The overarching goals are to maintain the existence of the organization, provide programming via on-line formats, and to be prepared to resume on-site activities for the public when it is responsible to do so. Our actions are informed, as always, by our Guiding Principles and Values.

## **Guiding Principles and Core Values**

### **Cultural Understanding**

Folklore Village respects the unique cultural heritage of all peoples. It seeks to foster an understanding of one's own cultural traditions, while nurturing a respect for the values and traditions of others. Folklore Village believes that every individual has folklife traditions no matter what their background. Traditions are an important part of who we are and what makes us human.

### **Intergenerational**

Folklore Village believes that intergenerational activities perpetuate a shared sense of traditions, values and community. People of all ages need places and opportunities for joy, camaraderie, and celebration.

### **Tradition Bearers**

Folklore Village encourages the appreciation and continued vitality of folklife through the recognition and active involvement of cultural tradition bearers.

### **Participation**

Folklore Village believes that participation fosters learning, interaction, sharing and fellowship. Participation nurtures an environment that is welcoming and inclusive.

### **Diversity Statement**

The Board of Directors of Folklore Village actively encourages diversity in the leadership within the organization, including on the board itself, and when hiring staff.

### **Land Acknowledgement**

We humbly acknowledge the Ho-Chunk people, the previous caretakers of the land now cherished by the Folklore Village community.

## **Introduction**

Folklore Village is a rural Cultural Arts organization located in Ridgeway Township, midway between the Village of Ridgeway and the City of Dodgeville, in the part of Wisconsin known as the Driftless area. Through our varied and multifaceted programming, we seek to build community through sharing aspects of traditional cultures. Whenever possible we try to do this through active participation – in other words, we want our participants to not simply *watch* the dance, but to *JOIN* the dance. We believe interactions on a direct, human scale will foster understanding and acceptance, break down barriers and prejudices, and ultimately help us move towards a more peaceful world.

This Five-Year Plan has its origins in a Board Retreat held in February, 2019. At this retreat three major areas of concern were identified. These areas of concern were identified based on the results of a survey conducted amongst members of the Folklore Village community. This survey was available at events in a paper version and on the website for the period spanning 12/26/17 to 1/29/18. The three areas of concern were gleaned through reading and analyzing the thoughtful answers to the survey questions by one hundred and one survey participants. Committees were formed and charged with assessing the organization's needs associated with each of these major areas of concern and developing initiatives to move the organization forward. The three areas of concern are:

1. Participation and Engagement
2. Finance/Funding

### 3. Infrastructure

#### ***Participation and Engagement***

The programming we offer the public is the most visible manifestation of our values. It is crucial to retain our current client base as well as to attract new participants. This committee is responsible for examining demographics, exploring ideas related to programming in general, outreach, marketing and other topics.

#### ***Finance/Funding***

To survive as a non-profit organization, we need to be fiscally responsible and maintain clear, accessible financial records. Income generated solely through our programming is inadequate to meet all our needs. We actively seek funding via grants, donations, bequests, rentals, etc. This committee is responsible for exploring what we are doing and what needs to be done to improve our financial condition into the future and to support desired growth.

#### ***Infrastructure***

We are exceptionally fortunate as an organization to have the buildings and 94 acres left to us by our founder, Jane Farwell. This is our home, the site of almost all our activities, and it is our responsibility to nurture and maintain this home as well as act as responsible land stewards. This committee is responsible for assessing our needs based on four criteria: 1. Health and Safety; 2. Importance to the FV Mission; 3. Protection of Assets; 4. Cosmetics. From this they prioritized current needs and are working towards an overall work and maintenance plan. This committee is also charged with developing estimates for possible infrastructure projects that could support organizational growth.

#### ***The Board of Directors and their responsibility to maintain a current Five-Year Strategic Plan***

The goal of the Board's efforts in developing the Five-Year Plan has *not* been to simply generate a document but to initiate and perpetuate a *PROCESS*. A Strategic Plan as a *process* should employ imagination, self-evaluation, critical thinking, assessment, revision, research, expansion, extension, setting new goals, etc. It is the responsibility of Board of Directors to annually evaluate the previous year's initiatives ("*year one*" of a current plan) and determine which have been met, which have not, what new initiatives need to be incorporated into the plan going forward, what needs to be added or expanded in the existing years two through five, and to then extend the plan *one additional year*. As the current "*year one*" ends, the previous "*year two*" becomes the *new "year one."* Following this process will ensure that there is always a current Five-Year plan in place. If new areas of concern arrive, future Boards may, at their discretion, add sections reflecting these new needs, and initiatives to address them.

Evaluation of how the organization is doing by the Board should be a continual process. However, in September of each year a subsection of the Board (possibly committee heads after meeting with their respective committees and reviewing the previous year) should formally document the status of current initiatives, extend the plan by a year, and produce the new version of the Five-Year Plan in time to be available to inform the budget process for the following year.

## Vision Statement

Through our offerings of ethnic and traditional music, dance, folk arts and foodways, we strive to build a community that celebrates the richness of our varied cultures and fosters an understanding of our shared humanity.

Building on our identity and reputation, our vision is to be an epicenter for cultural and folk exchange serving the population of southwest Wisconsin, the Upper Midwest, and beyond.

### **Goals**

Raise the profile of Folklore Village as a center for cultural and folk exchange serving southwest Wisconsin, the Upper Midwest and beyond; increase public awareness of our programming.

Grow the number of attendees at Folklore Village events by 10 % per year post COVID; develop programming and marketing to achieve this.

Expand current funding sources as well as developing new sources; create clear and accessible financial records.

Maintain and improve our physical plant and land.

## Initiatives

## Participation and Engagement

Creating a place that forms “Communities of Celebration” where every participant has an opportunity to become a co-creator and deeply invested in the community life which subsequently grows there.

### **Goals:**

1. **Increase attendance 10% per year until we reach capacity**
2. **Increase community diversity in all its expressions**
3. **Increase awareness of and interest in Folklore Village in surrounding communities.**
4. **Develop more appealing work scholarship options.**

Items accomplished or put into practice-2020

1. Added 2 members to the P & E committee, including a liaison to the pending Youth Advisory Board.
2. There were limited opportunities for engagement with families due to COVID restrictions. Will continue to pursue ideas as we are able to re-open on site.
3. Folk School grew from **39** classes offered (**22** filled) in 2019, to **43** classes offered, (**14** filled, **3** in-person, **11** pivoted online, *most instructors cancelled*); attendance from 89 in 2019 to 168 in 2020.
4. Annual festivals, Fall Swedish and Midwinter continued in 2020 by creating on-line events, and a number of new events were added. One happy result of presenting on-line was significant participation from geographically diverse locations, by both attendees and artistic staff (ex: Fall Swedish Festival fiddler presenting from Sweden.)

## Initiatives

## Funding/Finances

Securing and maintaining the financial health of the organization

In 2018, a Funding Committee was assembled as part of the Strategic Plan development. Committee members included from the Board of Directors President Maria Terres, Directors Jim Puralewski (Committee Chair) and Martha Tyner, Friends of Folklore Village President Madeline Uraneck and Director Lucy Richards, and Folklore Village Executive Director Terri Van Orman. The work in 2018 laid the groundwork for this plan.

**Goals:**

1. Increase cash flow to Folklore Village
2. Educate Board of Directors as to the role they play in raising money for the organization
3. Create an environment of financial stability
4. Create a “rainy day fund” which can be relied upon to help weather the financial storm resulting from unexpected occurrences
